Dr. Marc Lewis

Anne Dunne, DNP

Caitlin Hale PA-C

Patient: _____

DOB: _____

Thank you for attending your annual health maintenance exam. Depending on your health insurance plan, you may receive preventative benefits for a reduced or no co-pay. We would like to clarify the services covered as preventative benefits and what can and cannot take place during your visit to avoid additional charges.

Covered:

- Age/Gender focused exam
- Advice for disease prevention and healthy living
- Discussions about previously identified risk factors (i.e. smoking)
- Lab/Imaging test to screen for diseases for which you may be at risk due to age, gender, or lifestyle
 - Labs are LIMITED to screening conditions not already diagnosed.
- Standard age-based immunization

Non-Covered:

- New problems that require prescription medication
- New problems that require lab test, images or other evaluation
 - This includes lab to check on status of current conditions
- Minor Procedures (i.e. skin tag removal, wart treatment)
- Chronic problems that require management strategies and changes to plan of care
- Immunizations specific for traveling

You may schedule a separate appointment to address new problems or unstable chronic conditions. On the other hand, if you make an appointment for a health maintenance visit and have additional concerns, your provider may want to focus on your concerns first and defer the health maintenance visits until another appointment. Non-preventative issues could result in additional charges for the test or office visit. In many cases, we provide more than the basic requirements in order to provide more complete care. Please note that this handout does not completely define our inclusions and exclusions.

As a patient of the Hillsboro Clinic I understand that any and all charges associated with the cost of a routine Health Maintenance physical exam may not be covered by my health insurance carrier if I discuss any of the above mentioned Non-covered services with my provider during the exam. I also understand that any and all diagnostic tests ordered by my provider and performed as a result of current health issues discussed during my exam may NOT be covered by insurance. If my insurance does not cover these services I may be held financially responsible for the charges related to these services.

Name: _____ **Date:** _____

Social Questionnaires: Circle or write your answers.

Marital Status: Single Married Separated Divorced Widowed Other _____

How many children do you have? _____

What is your occupation? _____

Who do you currently reside with? _____
